What We Learned...

NAMES and Faces!

Orientations in both Indiana and Wisconsin went well with strong attendance. It was a joy to have everyone together!

LOG INs!

How fitting that our back to school is starting with looking at our Earth's beginnings. Grades 1-4 are studying Creation and Grades 5-8 are studying Origins and Archaeology.

Under Construction: God's Still Working On Me

This year's theme as we learn and grow!
Many new things this year: new friends, new software, new teacher, new website, new beginnings, and continued remembrance that God is working in each of us.

Foundational Skill: Growth Mindset

As students learn and grow, we want to encourage a growth mindset rooted in faith.

It's easy to believe that our worth comes from our grades, our popularity, or our successes. However, those things can change from day to day.

If our education is built on grades alone,
disappointment can shake our confidence.

If our friendships are built only on popularity,
they may not stand the test of time.

If our confidence is built only on success,
it can disappear when challenges come.

Philippians 1:6
God will complete what
He started in you!

Instead, we want our students to build their lives on Jesus, the Solid Rock. When our foundation is in Christ, we can face mistakes, setbacks, and challenges with courage because we know God is still at work in us.

A growth mindset reminds us:

- ✓ I may not understand it yet.
- ✓ Mistakes help me learn.
- ✓ Challenges help me grow.
- ✓ God is still shaping me into who He created me to be.

As a family, encourage your child to replace "I can't do this" with "I can't do this yet."

Just as a building takes time to complete,
growth happens one step at a time.
